**Old Business:**

**Minutes:** The minutes of the May 20, 2008 meeting were approved.

**“Super Meeting Night”:** The goal for the pilot of this initiative has been moved from September to October and a frequently asked questions document will be created to describe the program. It was suggested that there be two super meeting nights – one for service organizations and another for administration organizations. Each could include a guest speaker. We are also waiting on a response from St. Joe about their experience with a combined meeting night.

**Ad Hoc Pastoral Guidance Committee:** The mission statement for the parish was posted in the June 8 bulletin and the deadline for comments is June 30. The parish survey is scheduled for distribution to approximately 200 randomly selected parishioners in October. It was also suggested that the survey be made available to others that would like to participate.

**New Business:**

**Finance Report:** Neil Scully presented the 2008-2009 budget to the Parish Council. The presentation was followed by discussion of the budget.

**Other:** It was suggested that the parish develop a document or pamphlet that provides an overview of the parish and its organizations and events.

The meeting closed with a prayer led by Fr. Pat.
